

As an Arden Student you have access to install NVivo which helps you discover more from your qualitative and mixed methods data. Uncover richer insights and produce clearly articulated, defensible findings backed by rigorous evidence.

Academic researchers are analytical thinkers and their research has an impact on social change and development. Whether you're a student working towards a degree, a professor looking to publish papers, or a researcher applying for grants, NVivo is the ideal software to conduct qualitative and mixed methods analysis, prepare for publication, and draw acclaim to your institution.

### **Installing NVivo**

#### **The Installation Process**

To use NVivo you must have a personal myNVivo profile and register the Arden University license key.

1. Click here <https://portal.mynvivo.com/account/licence-registration> to open the myNVivo portal.
  - If you already have a myNVivo profile, log into it.
  - If you do not have a myNVivo profile, create one using the “Sign Up” option (see below)

The screenshot shows the myNVivo Sign Up form. At the top is the myNVIVO logo. Below it are input fields for Email, Password (with a visibility toggle), First Name, and Last Name. There are two checkboxes for agreeing to the [privacy policy](#) and [terms and conditions](#). A large grey button labeled "Sign Up" is at the bottom, with a link "Already have an account? [Sign In](#)" below it.
